ZONING AMENDMENTS

Are you in favor of the adoption of Amendment number 1 as proposed by the Planning Board for the Town of Brentwood zoning ordinance as follows:

Amend the Cluster Development Ordinance by adding **(100)** and add the section starting with, **In instances**...to section 3 of 300.002.007.005 to reflect the ability for the PB to have flexibility in reviewing cluster residential designs.

Section 300.002.007.005, A 3 to read: No construction shall be permitted within the buffer zone, other than a primary access road which shall be allowed to cross the buffer zone at the point of access to the pre-existing Class V or better road servicing the development. Along both sides of this primary access road reserve strips of twenty-five (25) feet must be maintained for the first one hundred **(100)** feet of said primary access road. **In instances where the proposed cluster residential development incorporates a design that includes several access points to the abutting Class V road these may be approved by the planning board if the board determines that the neighborhood and proposal are best served by this alternate plan for access. Related drainage and storm water management treatment devices may be constructed within the mandatory buffer area.**

No accessory dwelling unit shall have less than 525 square feet of living space. This allowance is less than the Town's standard dwelling unit size of 720 square feet because the accessory unit is not a stand-alone dwelling unit but instead a secondary unit to the primary residence. **Any structural addition to the primary residence constructed for the purpose of adding an accessory dwelling unit must be enclosed finished space.** (3/2009).
